TPS OUT AND ABOUT

RECENT EVENTS – VISIT TO ST. KATHARINE’S DOCK – MONDAY 17TH FEBRUARY
Total disregarding the effects of Storm Dennis on Southern Rail, twenty of us eventually reached London Bridge for a sociable day of coffee, lunch and photography.
More photos of the trip can be seen on our TPS Out and About Flickr page at: https://www.flickr.com/groups/tpsoutings

MARCH OUT AND ABOUT - MORNING TRIP TO REIGATE - SUNDAY 8TH MARCH

9.45/10.00
Meet for coffee/snacks at the Pavilion Cafe in Reigate Priory Park. RH2 7RL
Parking might be tricky - I advise car sharing. There are a few paying car parks in the area (including one in the park) or you might find somewhere in the street. Nearby Morrisons car park is free, but only for 2 hours.

10.15 - 11.45
Photography session. Options include park activities, the lake and surrounding woodland, Reigate High Street and Castle Park (which is inside the Reigate one way system). Sadly, there will be no cricket to watch at the Venue of Legends as the season won’t have started, but let’s hope we can glimpse a few signs of Spring.

11.45 - 12.15
Coffee / snacks again at the Pavilion Cafe, before heading home for lunch.

Please let Dominic know (outings@tpsinfo.org.uk) if you would like to come along on this trip. Family members are, of course very welcome.

Dominic

‘Out and About’ is the name we give to outings organised on an informal basis which enable members to visit places of interest, practise their photography and spend time together (with suitable refreshment stops included).

In order to remain as inclusive as possible, we try to offer a range of outings – weekdays and weekends, daytimes and evenings, local and further afield, town and country. Where possible, there is no restriction on numbers; friends and family members are very welcome.

There is no set schedule for the year, but members are kept fully informed of forthcoming events. Members are invited to offer suggestions for outings (or even to organise them).

Outings are overseen by our ‘Out & About’ co-ordinator – Dominic Murtagh (outings@tpsinfo.org.uk)

A TPS ‘Out and About’ Flickr page exists for members to publish (and comment on) photos taken. Please take a look. You can let Dominic know if you would like to join this Flickr group.

If you hear of any other 'local' Exhibitions that members may enjoy please let Steve know.

WORLD PINHOLE DAY 2020 – SUNDAY 26th APRIL
Anyone, anywhere in the world, who makes a pinhole photograph on the last Sunday in April, can scan it and upload it to this website where it will become part of the annual Worldwide Pinhole Photography Day celebration’s online gallery. https://pinholeday.org/

What is the Worldwide Pinhole Photography Day?
This is an international event created to promote and celebrate the art of pinhole photography.

On this unique day, we encourage people throughout the world
- to take some time off from the increasingly technological world we live in and to participate in the simple act of making a pinhole photograph.
- to share their visions and help spread the unusual beauty of this historical photographic process.

It should be very easy for anyone interested in pinhole photography to participate in the Worldwide Pinhole Photography Day. Here is what you do.

Before April 26, 2020: Get your equipment ready!
If you already own a pinhole camera:
- Test your camera to make sure it is functioning.
- Buy film, paper, or any other light-sensitive material ahead of time.

If you don't own a pinhole camera:
- Build one
- Test it to become familiar with exposure times
- Process the film, paper, or other light-sensitive material and repeat until you feel comfortable with the camera and the procedures.
WORLD PINHOLE DAY Cont.
Train your pinhole vision and begin thinking of your future WPP Day picture...
If you are not familiar with pinhole photography, come and visit some pinhole personal exhibits to develop a taste for this kind of photography.
Look at your own pinhole pictures, try to find out their special characteristics; do you find in the result what you tried to get when you were making the picture? Plan what kind of picture(s) you would like to make.
Plan where you want to go to make your picture(s).

On April 26, 2020: Go out and make your pinhole images!
This is a day to have fun. Go out by yourself or with some friends, and take a fresh look at the world through your pinhole camera.
If the weather is not good, remember that you can always take your pictures inside! There is plenty at home to rediscover through the magic eye of the pinhole camera.
Enjoy yourself, and give a thought to all the pinholers participating in this event around the planet.

After April 26, 2020: Process your images, and submit them on the website at https://pinholeday.org/
Process your image(s), or have a photolab process it for you.
Have an attentive look at the pictures that you have made on April 26, 2020. You have to make a choice. Remember: this is not a photo contest. There are no good or bad pictures. Every pinhole photograph is unique. Choose one image you love and you want to share with others!
Submit the photograph by following the simple procedures outlined on https://pinholeday.org/

Ady Kerry was the chap we had presenting his Sports Photography talk before Xmas, and he’s also a well-known pinhole photographer.

World Pinhole Day Seascape Workshop: 26th April 2020
Folkestone Warren, Kent.
09.00 - 13.00
For places contact: adykerry.akpictures@gmail.com
PHOTOGRAPHER OF THE YEAR - YOUR CHANCE TO STAR

Storyboard Studios, an independent production company based in Glasgow have been commissioned by BBC to make a brand new photography competition series and we are looking for people who would like to apply to take part.

The show will follow six amateur photographers as they compete for assignments and are mentored by some of the most influential and exciting photographers working in Britain today.

We are looking to hear from passionate and talented photographers who have the ability and flair to take part in a contest where one person will be named Photographer of the Year.

If you feel your work has a distinctive vision and captures the world around you in a fresh way, we would love to hear from you.

If you, or anyone you know might be interested in finding out more on how to apply, please visit our website: https://storyboardstudios.tv/photography/

Kind regards,

Jennifer Russell
Storyboard Studios

---

Thanks for reading, and happy snapping,

Steve

26th February 2020
